

Message Of Hope For All Black People (Israelites)

According to the blessings and **the curses** in Deuteronomy chapter 28 we were driven to live among our enemies because of our forefathers' disobedience to the Most High's (Yahuah) laws and dishonoring the covenant

If we want to return to the Most High, therefore you and your children have to begin wholeheartedly return back to the covenant our ancestors dishonor, then He will rescue you from your captivity! He will have mercy upon you and in that day He will gather you out of all the nations where he have scattered us. However, according to the prophecies only a 1/3 of Israelites will return back to the Most High. The remaining 2/3's will be destroyed along with the other nations because of their disobedience.

Though we are scattered at the ends of the earth, he will go and find you and bring you back again to the land of your ancestors. You shall possess the land again, and he will do you good and bless you even more than he did your ancestors!

He will cleanse your hearts and the hearts of your children and of your children's children so that you will love Him with all your hearts and souls, and the real children of Israel shall come alive again!

Deuteronomy 30: 1 - 5

Thus our true identity. If we don't know our true name, there is something seriously missing about our identity. This lack of information can lead to all sorts of problems we would not be equipped to solve. As Yahuah said in the book of Hosea; For lack of knowledge my people are destroyed. **Hosea 4:6.**

To give you an example, YAH dispersed the Hebrews around the world for a time until they are repentant and return to Him, They will continuously have tribulation and humiliation around the world. If the Israelites don't even know their true identity, they will not understand why they have all these problems. They might even conclude they are inferior beings hence the reason for their lack of progress in the world. Knowledge of self-changes all of this. Once they know who they are, then they can act appropriately and thus save themselves.

The second reason the Israelites are special is because 99.9% of all the prophecies in the Bible are about them. Most of the Churches we have today came from the Gentiles. The Bible makes it clear, things to do with the Gentiles do not fall within God's arrangements for the earth. If you recall, all the prophets, were all sent to the Israelites to show how important they are in Yah's plan for the Earth.

Unfortunately, since the dispersion of the Hebrews around the world the Gentile Times have ruled supreme and spawned many false churches. Fortunately, the Bible says the Gentile times will run only for a limited time and will end with the regathering of the Hebrews and their re-establishment as Yah's chosen people. Then Yah's kingdom we pray for can be established and Paradise restored.

Thus as you can see, the regathering of the Israelites is paramount in having Yah's will for this earth fulfilled.

Christians teach that we are no longer under the law, but is that what the Father said? The Father said "Keep My Commandments, For This Is The Whole Duty Of Man." That's why our people are still suffering and will continue to suffer until they return to Him!

YAH Said That Israel Would Be Removed With Ships, Into All The Kingdoms Of The Earth And There We Would Be Sold Into Slavery, And In Those Nations We Would Find No Ease. (Meaning We Would Suffer)

According to Your Bible True Israel was sent around the world in ships and sold into slavery!

Yahuah said, since we would not serve Him in our land we would serve strangers in a land that is not our own!
Jeremiah 5:19

Is There A Solution To Black People's Suffering?

Knowledge of the past is what creates self-worth in people. In the movie "Roots" Kunta Kinte had this self worth because he knew his past - his history. Thus [the whipping scene](#) is the attempt by his new masters to strip him off his past. By denying him his past, his self-worth is removed. The sad thing is, slavery succeeded in doing this to millions of black people. Once people lose their self-worth, they stay that way and pass on this sense of worthlessness to their descendants and cause them to suffer from self-esteem problems. The only way to counter this crime is to teach our people their history. By doing so it raises awareness of who we are and our self-worth.
